Air Conditioning Division:

Being a ‘Total Air-Conditioning Solution Provider’, Muscat Electronics LLC (ME) is committed to meeting the challenges of global warming and the need for sustainable resource use. This includes bringing to Oman some of the most innovative, environment friendly and highly energy efficient technologies in the air-conditioning sector. In the field of air-conditioning, ME is the national distributor for Daikin and Chigo brand of air-conditioners, providing total air-conditioning solutions across the Sultanate. The Division caters to residential, commercial and industrial customers providing tailored solutions.

Our Brands:

Daikin is the ‘Global No.1 in Air-Conditioning’ and ME has been associated with Daikin Industries Ltd., Japan since 1982, providing total air-conditioning solutions to the citizens & residents of Oman. ME has received various recognitions including an award from Daikin Industries Ltd. Japan for achieving the largest sales of VRV systems in the Middle-East.

Daikin’s Product Range:

No matter what the building type is, ME has the reliable products, expertise to offer cost effective systems and responsive support to fit all your HVAC requirements.

Chigo is one of the largest Chinese air-conditioner manufacturers, exporting to over 160 countries and with a designed annual output of 10,000,000 sets. With its All-in-one production strategy Chigo is able to meet the ever growing and changing demands of its customers. Chigo’s range of products include wall-mounted split ACs, window ACs, floor-standing ACs and Portable ACs.

At the global distributors meet held in Guangong-China, Muscat Electronics was awarded the “Excellent Agent in 2015” award by Chigo.

Our Services:

Sales channels:

Unmatched experience and dedication drive our sales team to provide our customers with the services we offer. Our sales team is made up of diverse groups of engineers/ executives who are ready to cater your needs on our sales channels.

ME also boasts of a highly skilled design team for VRV, Cassette, Ducted and Rooftop Packaged air-conditioning solutions among others, who work along-side the sales team to offer unmatched solutions for even some of the most demanding environments and highly sophisticated buildings; be it residential, commercial or industrial application.

360degree customer-care is the keystone to ME's wide success. Our policy is to listen to the customer's needs and to work with them to improve their lives through the use of advanced technology and a commitment to innovation, quality, design and value. This leads customers to falling their choice on Muscat Electronics's range of air-conditioning solutions.

Installation Department:

ME started its own AC installation department in 2010 due to the growing demand for superior quality installation. The team consists of installation manager, project engineers, installation supervisors and technicians; who are well-trained and experienced supervises all installations and commissioning works apart from doing installations ourselves. The team is committed to ensuring high quality and timely handing over of projects.

The high quality workmanship was recognized and awarded in our very 1st installation job- our installation team was awarded Certificate of Merit for "Quality conscious sub-contractor" by Larsen & Toubro.

Service & Parts support:

With 5 service centers and 17 service franchises we are diversified into most of the smaller towns, providing service throughout Oman.

- Spare Parts Support.
- Repairs and overhauls of various types of units.
- Annual Maintenance contract with 24 x 7 services.
- Retrofitting / Refurbishing HVAC Equipment, HVAC System upgrade.
